# Stratford Sea Otters

## Minis

These are special little swimmers who love the water and are like little sponges, ready to learn the ABC's of swim team with fun.

### Kelp Babies | 2 and under

In Kelp babies we will work on getting comfortable in the water and how to be safe. We sing songs and have a blast!

### Sea Urchins | 3-5 years old

In Sea Urchins we start trying to work on skills like kicking and diving down for toys. With lots of games and fun of course.

### Mini Otters | 6 and older

For our Mini Otters we gradually work on forming a stroke, with an end goal of swimming a full 25 meter unaided.
